Head & Face Protection

Turboshield™ Faceshield and Replacement Visors

- » Flexible head-cushioning suspension cradle provides for all-day wear
- » Simple push-button release system allows for easy visor exchange in seconds
- » Control knobs are large and ergonomically designed for easy adjustment — even while wearing gloves
- » More chin coverage compared to traditional visors, without the need for bulky accessories
- » Visor slides back seven inches, improving balance and weight distribution. Enhanced clearance. Dual-hinge design increases clearance by as much as four inches and keeps accessory slots open for compatibility with other PPE
- » ANSI Z87.1-2010 and CSA Z94.3

Head & Face Protection

Honeywell

F300, F400 and F500 Series Faceshield Headgear

- » All models feature lightweight and heat-resistant Noryl® (the same material used in welding helmets) crown protectors and ratchet headbands (windows sold separately)
- » Meets ANSI Z87.1+ High Impact standard and certified to the requirements of the CSA Z94.3 standard

F300

- » Lightweight faceshield headgear provides general face protection
- » Easily fits over spectacles, leaving room for air circulation to prevent fogging
- » Accommodates standard size (8" x 11 1/2") windows

F400

- » Features a deeper 4" crown protector to extend protection without increasing weight
- » Incorporates wide-vision (8" x 17") wraparound windows and screens which provide 40% more protective area than standard size faceshields
- » Fits easily over required spectacles or respirators

F500

- » Includes a broader, deeper 7" crown protector to provide an extra margin of protection
- » Features the exclusive Channel Grip System that mounts wide, wraparound windows and locks them into place to form a perfect seal from dust, dirt and debris
- » Includes Fibre-Metal classic 3-C, free-floating headgear

F500

Head & Face Protection

V-Gard® Frames

- » Unique 3-point visor loading to fit and remove visors quickly
- » Sloped design allows material to easily slide off the frame
- » Perfect Compatibility with many half-mask respirators and more
- » Non-metal construction for use in electrical applications
- » Replaceable, optional debris control creates tight seal between frame and helmet
- » Universal= Heavy-duty, flat, rubber strap for easy and secure placement on MSA slotted and non-slotted helmets
- » ET frames are tested to temperatures of 350°F (176.7°C), reducing warping, cracking or crazing
- » ANSI/ISEA Z87.1-2010 and CSA Z94

1110

3M™ 1100 and 1110 Foam Earplugs

- » Smooth, dirt resistant surface provides better hygiene
- » Earplugs are easy to roll down for quick and easy fitting
- » Tapered design fits comfortably in ear canals
- » Soft polyurethane foam is hypoallergenic

ITEM #	ORDER #	DESCRIPTION	UOM
1100	665511005	(NRR)* 29 dB, Uncorded	200 Pr/Bx
1110	665511045	(NRR)* 29 dB, Corded	100 Pr/Bx

P1300

P1301

3M™ E-A-R™ Skull Screws Earplugs

- » Tough look of threaded metal
- » Soft foam tips feel comfortable for extended wear
- » Cutting-edge look and comfort may increase worker compliance in wearing hearing protection
- » Push-to-fit style means no earplug roll-down is required for easy fitting

ITEM #	ORDER #	DESCRIPTION	UOM
P1300	665570235	(NRR)* 32 dB, Uncorded	120 Pr/Bx
P1301	665521895	(NRR)* 32 dB, Corded	120 Pr/Bx

P2000

P2001

3M™ No-Touch™ Foam Earplugs

- » Push-to-fit foam earplugs create a hygienic, noise-reducing seal
- » Push-to-fit style means no earplug roll down required
- » Foam is fused with the LiveWire stem, flexes sideways if impacted during wear
- » Foam tips stay clean, even when your hands are dirty

ITEM #	ORDER #	DESCRIPTION	UOM
P2000	665564415	(NRR)* 29 dB, Uncorded	100 Pr/Bx
P2001	665563895	(NRR)* 29 dB, Corded	100 Pr/Bx

P3000

P3001

3M™ Tri-Flange™ Earplugs

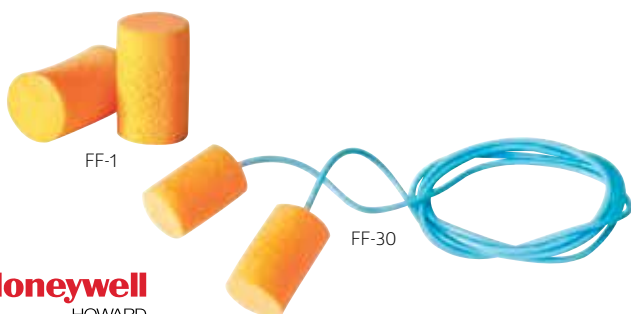

- » Triple-flanged, premolded earplugs fit comfortably in a wide range of ear sizes
- » Soft, flexible flanges conform to the shape of the ear canal for comfortable noise reduction
- » No need to roll earplugs before fitting so the tips stay clean even if hands are dirty

ITEM #	ORDER #	DESCRIPTION	UOM
P3000	665563965	(NRR)* 26 dB, Vinyl Corded	100 Pr/Bx
P3001	665521905	(NRR)* 26 dB, Cloth Corded	100 Pr/Bx

*The NRR may overestimate the hearing protection provided during typical use. 3M recommends reducing the NRR by 50% for estimating the amount of noise reduction provided. Noise Reduction Rating (NRR): dB CSA Class AL. Test compatible with 3M™ E-A-Rfit™ Validation System. 3M™ is Leading the Advancement of Hearing Conservation™.

Honeywell
HOWARD
LEIGHT

1035121-VS

1035114-VS

VeriShield™ 100 Series Passive Earmuffs

- » Large dimension range: Comfortably fits a wide range of head sizes. 17% more adjustable than earlier versions.
- » Wide cup opening: Ideal for workers with larger ears, or who wear hearing aids. Opening area of the cup increased by 16% over earlier versions.
- » Lightweight cushioned headband: Steel-wire construction with padded headband and precision micro adjustments designed for just the right fit around the ear.
- » Memory foam ear cushions: New unique memory foam that combines denser and softer foam than previous models, for greater comfort and attenuation. Reduces squeezing pressure on the head and enhances comfort.
- » Air Flow Control Technology

*Nuisance level refers to concentrations not exceeding OSHA PEL or other applicable government occupational exposure limits, whichever is lower. Full facepieces must be quantitatively fit tested to claim assigned protection factor above 10 in negative pressure mode. Do not use in for respiratory protection against organic vapors or acid gases or environments that are immediately dangerous to life or health (IDLH). Not NIOSH certified for use against ozone.

**The filter is effective for concentrations up to 10 times the Permissible Exposure Limit (PEL) with half facepieces, or 50 times PEL with quantitatively fit tested full facepieces. This filter helps protect against a wide range of oil and non-oil based particulate contaminants. The filter also offers nuisance level odor relief from organic vapors that are below the PEL. Nuisance level refers to concentrations not exceeding OSHA PEL or other applicable government exposure limits, whichever is lower. Do not use for respiratory protection against organic vapors or in environments that are immediately dangerous to life or health (IDLH).

***OSHA requires that gas-proof goggles be worn with half facepiece respirators when used against formaldehyde.

- » Rechargeable LED lantern is less than 3 pounds and 1203 lumens
- » Four LEDs, powered by the latest generation Lithium-Ion batteries illuminate a distance of 475 yards (435 meters)
- » Battery Level Indicator
- » Push button switch - high/low/flashing light modes
- » Recharge time of 8 hours
- » 6 Lithium-Ion (18650) batteries (included)
- » IPX4 water resistant
- » Approved to NFPA (National Fire Protection Association) 1901

Remote Area Lighting Systems

9435

9435 RALS Series

- » Battery powered Remote Area Lighting System (RALS)
- » The fully extendable mast with 360° rotating head fits light in confined or open spaces
- » 1500 lumen output on high setting, 5 hour runtime
- » 750 lumen output on low setting, 10 hour runtime
- » Low battery indicator provides ample warning to recharge
- » 1 NiMH battery (included)
- » Class I Division 2 Groups ABCD T4 - Safety Certified

ITEM #	ORDER #	DESCRIPTION	UOM
9435	548594351	Remote Area Lighting System	EA

Energizer

Ultimate Lithium® Batteries

- » The #1 longest-lasting AA batteries
- » Weighs 1/3 less than standard alkaline batteries
- » Mercury and Cadmium free
- » Guaranteed leak-proof construction (based on standard use)

10092521

ALTAIR® Single-Gas Detector

- » Survives multiple 20' drops onto concrete
- » Waterproof and dustproof (third-party certified IP67)
- » 2-year warranty is never pro-rated
- » Can be calibrated if it fails a bump test
- » Does not automatically shutdown when 24-month clock runs out
- » Datalog provides up to 25-event records

ITEM #	ORDER #	INSTRUMENT TYPE	FIRST ALARM	SECOND ALARM	UOM

GALAXY GX2 Automated Test System

- » Color touch screen for ease of setup and viewing
- » Extremely simple to use; testing starts automatically without touching a single button
- » Simultaneous testing of up to ten instruments
- » Galaxy GX2 system is optimized for use with MSA's XCell® sensors
- » At-a-glance indicators include low calibration gas volume, expiration warnings and test stand status
- » MSA link pro software provides proactive safety management, dashboard overview and total record-keeping
- » 18 languages available for test stand and MSA link pro software that simplifies usage and reduces training

Manhole Accessories

Ships Direct FOB Mfg.

Guard Rail

- » Designed to protect an area of 33"L x 33"W
- » Support arm gives guardrail added support
- » Two chains with hook for additional security
- » 2 welded marker flags
- » Simple one-piece construction assembles without tools
- » Collapses to 44"L x 32"W x 4"H for compact storage

High Impact Manhole Shield

- » Bright yellow material that resists fading
- » Fits 28", 30" and 32" diameter manholes
- » Inflatable watertight seal
- » 4-outrigger support gussets that stabilize the shield
- » 12" tall to keep water and mud out of manhole

Hook Manhole Lifter

- » 21" heat treated, cadmium-plated all steel alloy hook
- » Lockable hook for convenient storage
- » Rubber grip on handle, rubber foot to minimize slippage
- » Support leg angled 6" for leverage

AW1818

ALLWIK® Universal Absorbent Pillows

- » 18" x 18" pillow
- » 28 gallon absorbency capacity
- » Designed for use in tight spaces, under valves or under machinery lifted off the floor, pillows provide the greatest absorbency per square inch
- » Highly versatile, grey absorbents pick up water-based, petroleum-based and non-aggressive, chemical fluids
- » Made of all-purpose polypropylene suitable for most industrial applications

ITEM #	ORDER #	DESCRIPTION	UOM
AW1818	J0520014	18" x 18" Absorbent Pillow	16/CS

DTA25

ALLWIK® Universal Absorbent Drum Top Covers

- » 22 inch diameter
- » 6 gallon absorbency capacity
- » Help to maintain clean work surfaces by preventing pump spills and overspray from reaching the floor
- » Highly versatile, grey absorbents pick up water-based, petroleum-based and non-aggressive, chemical fluids
- » Made of all-purpose polypropylene suitable for most industrial applications

ITEM #	ORDER #	DESCRIPTION	UOM
DTA25	J0520004	22" Dia, Drum Top Cover	25/CS

ALLWIK® Universal Absorbent Socks

AW124

- » Moldable SOCs wrap around machinery and conform to uneven surfaces to prevent leaks from reaching walkways
- » Highly versatile, grey absorbents pick up water-based, petroleum-based and non-aggressive, chemical fluids
- » Gray color masks spills and stains, helping you resist the urge to pick up the absorbent before it is fully saturated
- » Made of all-purpose polypropylene suitable for most industrial applications

ITEM #	ORDER #	DESCRIPTION	UOM
AW124	J0520016	3" x 12', 12 Gallon Absorbency per case	4/CS
AW412	J0520017	3" x 4', 12 Gallon Absorbency per case	12/CS

BASIC® Universal Absorbent Sock

BSC40

- » 3" x 42" pads
- » 81 gallon absorbency capacity
- » Moldable SOCs wrap around machinery and conform to uneven surfaces to prevent leaks from reaching walkways
- » Highly versatile, grey absorbents pick up water-based, petroleum-based and non-aggressive, chemical fluids

Pipe Marking Directional Flow Arrow Tape Vinyl

- » High gloss, durable, flexible vinyl with a permanent cold temperature pressure sensitive acrylic adhesive
- » Good chemical, oil and water resistance
- » Item comes in end-user packaging for use in point-of-purchase displays
- » Supplied in liner-mounted rolled form - use two bands per pipe marker

3M

3M™ General Purpose Tan Masking Tape 231/231A

- » Rubber adhesive provides strong tack and adhesion and resists lifting
- » Clean removal from many surfaces following multi-bake or high temperature bake
- » Smooth mini-crepe paper backing conforms and maintains integrity when formed around a corner
- » Strong backing is easy to tear, yet resists slivering and provides one-piece removal
- » Controlled unwind dispenses evenly, reducing fatigue

GT500030199

ITEM #	ORDER #	DESCRIPTION	UOM
GT500030199	66552491	24 mm x 55 m, 7.6 mil Thick	36/Cs

Product Index

A

Absorbent Pads	281–282
Absorbent Pillows	280
Absorbent Socks	280
Adapters & Brackets, faceshield	43, 46–49
Air Blowers, confined space ventilation	245–247
Air Horns	296
mega blast rechargeable siren horn	296
portable air horns	296
Air Quality, detection	241–242
Anchors & Connectors, fall protection	164–166
ANSI Class Apparel	221–230
Apparel, hi-viz	213, 220–221
Aprons	
disposable	206, 210
leather & FR	153
Arc Flash Protection	151–153
Area Lighting Systems	239
Automated External Defibrillators (AEDs)	296
Automatic Inflation Vests	199
Axial Blowers, ventilation	245–247

B

Backhand Pads	159
Back Supports, ergonomics	162
Bandanas & Doo Rags	252
Banded Earplugs	54, 61, 63
Barricade Tape	295
Batteries	239–240
Beam Anchors, fall protection	164–166
Beverage Coolers	251
Bibs, leather	153
Bloodborne Pathogen First Aid Kits	258–259
Blowers, confined space	245–247
Body & Eyewash Shower Units	266–267
Body Fluid Spill Kit	275
Boots	161
Box Sealing Tape	293
Brackets, headgear & faceshield	40–41, 43, 45–50
Breaker Lockouts	268, 273
Bucket, fall protection	169
Buoy, water safety	195

C

Cabinets, flammable storage	284
Cable Lockouts	268, 273
Calibration, gas	243
Cans, safety	285
Cape Sleeves, welding	151–153
Cap Mount Earmuffs	67, 69–72

Caps & Hard Hats	40–42, 44, 47, 51–53
Carabiners, fall protection	166
Cartridges & Filters, respiratory	87, 89–90, 92, 94–95
Caution Barricade Tape	295
Chemical Protection Apparel	201
Chemical Resistant Gloves	112–114
Chemical Sorbents	280–282
Cigarette Butt Receptacles	283
Circuit Breaker Lockout Devices	268, 274
Class A First Aid	253–255
Class B Field Trauma Bag	257
Class B First Aid	255–257
Cleaning, respiratory	98
Cleaner, lens	38–39
Clothing, protective	201–214
Cold Water Immersion Suits	200
Cold Weather Gear	215–220
apparel	220
footwear	218
gloves	215–217
head liners	218–219
Combination Shower & Eyewash Units	267
Confined Space	245–247
blowers	245–247
Manhole Accessories	247
Containment & Spill Control	280–282
Coolers, beverage	251
Cooling Towels	252
Countertop Storage Cabinets	284
Coveralls, disposable	201–206, 210–211
Cut-Resistant Gloves	100–109
Cut-Resistant Sleeves	110–111
Cylinders, calibration gas	243

D

Detectors, gas	241–244
Disposable	
apparel	201–212
earplugs	54–66
gloves	115–124
respirators	73–83
Doo Rags	53
Double Functionality Flashlights	233
Drench Hose, eyewash units	266
D-Rings, fall protection	167
Drinks, electrolyte	248–250
Drivers Gloves	125–127
Drum Accumulation Center	283
Drum Cover	283
Duct Tape	290–291

Distributing the BEST Safety Products!

Westcoast Industries was started by a top producing OSHA certified Qualified Safety Sales Professional in the Gas, Welding, Construction and Manufacturing industry for 8+ years and is proud to be Woman and Minority owned. We are small by design and customize our product offerings and inventory based on our customers' needs and preferences. We believe in Quality over Quantity so we only take on a small number of customers in order to focus 100% of our time on helping them grow and servicing all of their needs, from on time order delivery to conducting safety consultations and trainings.

3M Science.
Applied to Life.™

Style. Comfort. Performance. It's a Triple Threat.

On-the-job eye protection shouldn't mean sacrificing style and comfort. The 3M™ SecureFit™ 400 with Scotchgard™ Anti-fog series offers style, comfort and increased anti-fog performance with 3M™ Scotchgard™ Anti-fog coating.

These sleek new models are available in contemporary colors to reflect personal style with proprietary 3M™ Pressure Diffusion Temple Technology to enhance frame comfort without compromising the security of fit.
